To: Presbytery of the Mississippi Valley
Re: Laboring Out of Bounds Report

Dear Brothers,

Greetings in our Lord's great Name!

During the past year I have continued in the privilege of serving with Mission to North America as Associate Coordinator, completing 27 years of service as of April 30, 2019.

My role with MNA currently is taken up with guiding our staff and PCA key leaders in paths of program growth and restructuring to advance ministry. At this writing, constraints are still in place with the hope of limiting the spread of the Covid-19 virus. Even during these past two months without face-to-face meetings, MNA staff members have continued to provide planning and training for future ministry steps. Please pray with us that as we move about in the future more freely, we will see growth in leadership at the local level to train and send more laborers into the fields ready for harvest.

Thankfully, God continues to bless MNA with highly committed staff members who are engaged in ministry with MNA on a long-term basis. This brings ever-greater ministry effectiveness through the continuity that God has given in the MNA staff He has called together.

Janet and I continue to enjoy the Lord's goodness in sharing married life together. Our grandson Joe, now age 13, lives with us fulltime as he has since June 2010. We thank the Lord for His blessing us with good health and with growth in God's grace as a family. We continue to be encouraged in our spiritual walk through worship and fellowship with Grace Mills River Church (PCA).

I ask that the presbytery grant permission for me to continue to labor in this call for another year. Please pray that God will continue to prosper MNA in our calling provide resources and leadership through which we pray that God will strengthen the church to serve, grow, multiply. Thank you for your prayer support and encouragement personally in my work, and for the generous participation of the churches of the presbytery in the Lord's work through MNA.

Sincerely in Christ,

Fred Marsh
MNA Associate Coordinator
