July '21 Report for RUF Mississippi College

"See how great a love the Father has bestowed on us that we would be called children of God." (1 John 3:1) This is the love we tell college students about! What a blessing that God's call on my life is to share this good news! Though our Summer has a different rhythm than the school year, we continue to do the work of discipleship. One way we do this is through gathering students from around the city for our Jackson Summer RUF meetings. We have a different family host us each week, and we sing, fellowship together, and hear a different campus minister share from God's Word. We've been studying through "the Fruit of the Spirit," and we've seen how the Spirit manifests in us this fruit as we grow in knowing the Father's love.

Summer is also a time for planning for the year ahead. During the course of the semester, we want to maximize our opportunity to meet with students for one-one and small groups. So I designate time in the summer to study and prepare lessons as well as to schedule big outreach events and upcoming conferences be.

Finally, another important summer task is raising support. God has provided so abundantly for our family during our 15 years in RUF. We're so thankful for all our friends and partners in ministry who have given so sacrificially. During the summer, we have more flexibility to visit churches and meet with donors to let them know what we see God is doing in our midst. We also continue to seek new investors who share our vision for ministry to college students. If you know if anyone who may be interested in learning more about how they can join our team, please let me know so I can reach out to them.

Family update:

We've had a great summer as a family! Dominique finished grad school in May, and has been doing art commissions during June. She will start back teaching kindergarten at Christ Covenant School in August. Our boys are all three working part time jobs this summer; Henry (9th grade) has been able to help at the Sumralls' farm while Jeffrey (12th) and Wells (10th) are working on the maintenance crew at Twin Lakes Camp. The boys and Caroline (7th grade) have all also been busy with school sports camps, RYM, and other activities. Please pray for wisdom as Jeffrey begins the college admissions process and we seek the Lord's leading.

- Campus Minister- Jeff Jordan
