

## **2019 Annual Report for Yakub Susabda**

I was retire from the formal structural responsibilities at the seminary. But I and Esther are still teaching full courses ( six to seven courses in each semester ) since several courses are unique and there in no other peoples in our seminary are ready to do it, such as the courses on “ Reformed Evangelical Theology” ; “ integration between Theology and Psychology, “ Theory and Practice Counseling”; and “Counseling Practicum and Supervision .”  
We are still attending almost all faculty meetings.

The whole day from 8.00 to 18.00 we do Counseling ministries in our Hope Counseling and Assessment Center in UPH Christian University, and on week ends travel to many different parts of Indonesia and Asian countries for seminars and Sunday service preaching ministry.

Our schedules are already full for 2020. Thanks God and all of you who are faithfully supporting us in prayers. Hope that we will not use our retirement times useless.

I will be one of the plenary session speakers in The Asian Christian Counselor Conference in October this year.

Send our greetings to all of you, our brothers and sisters in the PCA general assembly. Please pray for us as we are organizing a movement to counter againt LGBT in Indonesia since Indonesia Council of Churches are supporting them.

Sincerely  
Yakub and Esther Susabda
